Letter of Invitation

Bratislava April 29, 2024

Dear Mr. Zhao,

It is my great pleasure to invite you to participate in the workshop **Numerical Modeling of Earthquake Motions: Waves and Ruptures** which will be held on June 23 – June 27, 2024 in the Smolenice Castle near Bratislava, Slovakia (<http://www.nuquake.eu/NMEM2024/>).

The purpose of the workshop is to bring together seismologists who actively work on problems of the earthquake ground motion and earthquake source dynamics and create an opportunity to present and exchange recent scientific progress in the field.

The workshop is the 6th workshop in a series. The previous workshops in Smolenice were held in 2003, 2007, 2010, 2015 and 2019.

I hope that you will accept my invitation to attend the workshop and present your recent results. I have no doubt that your participation and presentation will be of great interest and importance for all other participants.

Based on your registration, I confirm that during the workshop you will be accommodated at the workshop venue (the Congress Centre Smolenice of the Slovak Academy of Sciences, Zámocká 18, 919 04 Smolenice, Slovakia).

Best regards,

Prof. RNDr. Peter Moczo, DrSc.
Chairman of the Local Organizing Committee
